I wanna dedicate this song now
To the undisputed queen
And kings of the back beat
Teri and the Possibilities

See the sun going up
See the sun going down
See the moneymakers
Make the world go 'round

Feel the four winds blowing
Hear the cocks are crowing
But can you understand
A six-legged man, darling?

Can we have a huddle?
Can we make a puddle?
Shaking down the plaster
Can we just go faster?

Can we fell the big beast?
Should we tell the good priest?
A man without a plan
A six-legged man, darling

On a picnic blanket
Get to pick your bon-bon
Race to bed for car crash
Flash of red on face

Can I have a favor?
Baby, be my savior
Baby, ain't love grand?
A six-legged man, darling

Someone take the high note
Someone take the low note
Someone take the middle
Ain't no second fiddle

Now we're four on the floor
Come around now once more

We could start a band
A six-legged man, darling

See the sun going up
See the sun going down
See the moneymakers
Make the world go around

I feel the four winds blowing
Hear the cocks are crowing
But can you understand
A six-legged man, darling?

A six-legged man, darling
A six-legged man, darling
A six-legged man, darling
A six-legged man, darling

A six-legged man, darling
A six-legged man, darling
A six-legged man, darling
