Someone woke me from my sleepless sleep today  
I thought of dreams at first  
But now I see she's really here  
And sent to save me  
From the godless part of me  
The heartless heart of me  
That dreams of her  
And seems to cry a little louder  
Can't you read between the lines  
I write them down for you

I'm cold enough maybe I'm hard enough  
To stand alone this way  
And leave a note for all to read  
And cry for me but don't you lie for me  
Cause when I sleep this way  
All that's wrong with me will surely fade away

\*all the voices I once knew \*  
And the photographs are real  
Take a piece of me with you  
And save me for that day  
All the tired eyes are dry  
\*and the selfish lives remind \*

Someone woke me from my sleepless sleep today  
I thought of dreams at first  
But now I see she's really here  
And sent to save me

Repeat \* \*

Someone woke me from my sleepless sleep today  
I thought of dreams at first  
But now I see she's really here  
And sent to save me  
From the godless part of me  
The heartless heart of me  
That dreams of her and seems to cry  
A little louder  
Can't you read between the lines  
I write them down for you
