Ivy league, it's the ivy league

The crowd screaming cause they wanna see a prince
So I came tell your bitch to represent
For the ivy league, it's the ivy league x 2

Gone and light a tree, this is ivy league
Number one rule, never wipe a free
Let the team hit while I'm smoking green shit
I got so much brain man I could've made the dean's list
Preaching on some Martin Luther King shit
I get my loud from callie, my... come from Phoenix
On San Diego, on the block like a lego
Arabs pay me dinars, and Mexicans give me pesos
My shooters don't shoot unless I say so
I'm with the bad bitch who looks like J-Lo
I get laid cause I make chips like potatoes
And I got the swag sauce, nigga call me swuego
Kacky full of paper, I'm act me on a...
Cause when I pop up in they face
They ain't got nothing to say
Bra
Currency got the jets, and Wiz got the Taylors
So catch in my blazer, screaming out

Ivy league, it's the ivy league

The crowd screaming cause they wanna see a prince
So I came tell your bitch to represent
For the ivy league, it's the ivy league x 2
