Now the shows about to begin, and I'm the clown
With make up on make face, and the dress aside and
I'm done
And the people's cheering today, but maybe tomorrow
they will be gone
So now that you are here welcome to the show

Don't get me wrong, I really love what I do
But sometimes it makes me feel like a fool

Somebody unlock me and just let me out
People come on and just let me out
I'm breaking through the walls so tell me are you
ready for more?
Somebody unlock me and just let me out
People come on and just let me out
I'm breaking through the walls so tell me are you
ready for more?

Now I don't have to win, I'm in control
I'll give you what you need and do what I want
Ain't no trying to bring me down, I'm moving up and I'm
on top
Happy laughing kids The circus must go on!

Don't get me wrong, I really love what I do
But sometimes it makes me feel like a fool

Somebody unlock me and just let me out
People come on and just let me out
I'm breaking through the walls so tell me are you
ready for more?
Somebody unlock me and just let me out
People come on and just let me out
I'm breaking through the walls so tell me are you
ready for more?

Thank's to you, I have my feet on the ground
Ain't no money makes me change the way I'm playing
this game
I'm still the same

Don?t get me wrong, I really love what I do
But sometimes it makes me feel like a fool

Somebody unlock me and just let me out
People come on and just let me out
I?m breaking throught the walls so tell me are you
ready for more?
Somebody unlock me and just let me out
People come on and just let me out
I?m breaking throught the walls so tell me are you
ready for more?
