Okay, Huh

You must be on that heat, cause you soft as riding

Def can hate, I got your hoe photo on coast of key west

We just, Sippin on this v-est durin recess

Flew her out the country, so you can't call her on no b s

I think I'm bigger then I am, I should wear a 3 x

I'm a player, I should be on espn in a g-est?

I could of hit him in his jaw, but I didn't not a?

So I wrote this letter, and I end it in your b s

You niggas so Emotionalll

You niggas so emotional

(Cant keep your feelings in control, remind me of my
hoe

All you do is mummy, everytime I hit the door

You niggas so emotional

You niggas so emotional

Can't keep your feelings in control remind me of my
hoe

All you do is mummy, everytime I hit the door

[Tity Boi]

TWO CHAINS

Me n Cyhi, it's the new atlanta

All my dogs on that monkey shit, zoo atlanta

That means you some fanta, then put codeine in it

Shake it for 30 seconds, pour it, then I leaann with it

Treat your girl like weed, n let my team hit it

See through you from the bottom, like chlorine nigga

Yeah, if I say it then I done did it

Have your girl trickin out for that 1 Fifty

The car 150, the charm 150
Two blunts of irene, I do a song quickly
Yeah, she txtin two chains with a smiley face
I told her I don't get no signal when I'm outer space

You niggas so emotional
You niggas so emotional
Can't keep your feelings in control, remind me of my
hoe
All you do is mummy every time I hit the door

You niggas so emotional
You niggas so emotional
Can't keep your feelings in control, remind me of my
hoe
All you do is mummy every time I hit the door

[Cyhi]
I'm on a pack of loud, smells like I had a bow
Movement in my jeans, your green smells like black n
mouse
I'm married to the game, we even had a chow
But I don't sweat these hoes, that's why I pack a towel
So why you niggas tense, why don't you crack a smile
Ey I don't owe you shit, no homie that's a vowel
I'm defensive about my ends, call me marcus trial?
Nigga what you mad, cause my canoes in her canal
My jewellery saint blue,, my pistols sayin pow
My jesus piece is flooded, it's golden like the crowd?
You aint standing in the river, so I argue and denial
That your pops just love my verses, n your hoes all love
my style
I do this for the lames and the haters in the crowd
So before I take a bow, I wanna say

You niggas so emotional
You niggas so emotional
Can't keep your feelings in control, remind me of my
hoe
All you do is mummy every time I hit the door

You niggas so emotional
You niggas so emotional
Can't keep your feelings in control, remind me of my
hoe
All you do is mummy every time I hit the door
