Is it Memorex or live? c.c.s' on the sly?
Easy living people, it don't come cheap.
Pharmaceutical agitation, makes it easier to persuade
'Em.
Easy living people, they don't come cheap.

Doses of love. It's so easy.
Who else but us? It's so easy.

Rocky Erickson said to me,
"You can trust acid before the C.I.A."
Chairmen of the Waterboard, Let us come to disorder.
It's enough to make a believer,
The Cleavers seek reeducation.

Ancient prophecy demonic possession!
If it's for real there's just one protection!
Defibrillate 'em, sedate 'em, then kick 'em in the
Nuts!
Machiavelli, Friedrich Nietzsche,
So much more we'd love to teach ya!
Free living people, ain't no such thing.

Doses of love. It's so easy.
Who else but us? It's so easy.

Rocky Erickson said to me,
"You can trust acid before the C.I.A."
Chairmen of the Waterboard, Let us come to disorder.
It's enough to make a believer,
The Cleavers seek reeducation.

Rocky Erickson said to me,
