Hey, girl, I love you
What you wanna do
Hully Gully now

I went down to Miami
I met a girl named Sammy
The moon was bright
The time was right

I said, hey, girl, I love you
Oh, what you wanna do

And she said Hully Gully, baby
(Girl, I wanna dance with you)
Hully Gully, baby
(Yeah, come on, come on)

All I wanna do with you
Is Hully Gully, baby
(Aw, come on, work out now)

I spent my dough on Sammy
Hit every joint in Miami
We danced all night
Til dawns early light

I said, hey, girl, I love you
Oh, what you wanna do

And she said Hully Gully, baby
(Girl, let's hit the floor)
Hully Gully, baby
(Yeah, come on, come on)

All I wanna do with you
Is Hully Gully, baby
(Aw, come on, work out now)

Hully Gully, baby
