Give me one of those
I'll let time pass
Need to feel good
Can't move my arms

Why are you in my room?
Tell me the truth
Did i strike the pose
or was it just you?

It's just a big mistake
everybody knows

I told you before
Wanted it all
Need a new size
This is so old

Why are you in my room?
Tell me the truth
Did i strike the pose
or was it just you?

You should tell the rest
to come back and follow...
Follow me
I know the right way out
Forgive me please
I forgot to swallow
Everything i'd feel
