Honest??? I don't think you heard me
It's not that you have to do it
It's simply my comend
I know (you) have been very busy
You don't have the right to do this!
You're stupid like all your friends

It's you and your goddamn cowboys
You have been so annoying
I'm cutting you off again
It's true I tried to ignore you
But you look kinda slutty
I bet that you think I care

Honest??? I don't think you like me
And I just don't like you either
And maybe it's for the best
I know have been very busy
You don't have the right to do this!
You're bossy like all the rest

It's you and your goddamn cowboys
You have been so annoying
I'm cutting you off again
It's true I tried to ignore you
But you look kinda slutty
I bet that you think I care
I bet you do! I bet you do!
