They just took my money
I want it, i need it
But it's all righth!
Don't you pull the trigger
I'm waiting for someone
And it's all righth!
It's all righth!, Its all money!

Do you know what i'm saying?
I'm talking! do you hear me?
Well, it's all righth!
Give me what you owe me
I don't owe you nothing
But it's all righth!
Lets keep some distance
Hey! you're not a man
Dont you dare to touch me
You're making me insane
If i would have know

Love is a bitch! (You're driving me crazy
