Round and round  
The neon, the flashing, the lights  
On no! This city I love  
I don't know  
Round and round  
The glitter, the flashing, the cars  
Don't know!  
My favorite city in the world  
Let's dance! Let's meet up and dance!  
I will let you get to my bones  
And then to my soul  
Don't know  
My favorite city in the world  
Let's dance! Let's meet up and dance!  
I'm going round and round  
Follow the city lights  
I'm going round and round  
Follow the light
