She will

She said :

Now the time is gone and her mind is clear
She's gotta wait, she's the only one that is on her side
Nevermind! and this is getting yeah too high

But she won't change her mind, she'll go away
Yeah,yeah, she will
Yeah,yeah, she will
Yeah,yeah, she will yeah,

Now the time is gone and her mind is clear
She's gotta wait, she's the only one that is on her side
And Nevermind! and this is getting yeah too high

But she won't change her mind, she'll go away
Yeah,yeah, she will
Yeah,yeah, she will
Yeah,yeah, she will yeah,
