Wait for me
I'll be there
I'll be here
Are you gonna close your eyes before I come?
Are you gonna cry for me before I die?
Tell me if I lose my voice
Tell me if I'll be gone
Tell me what should I have done
Are you gonna close your eyes before I come?
Are you gonna cry for me before I die?
Tell me if I lose my voice
Tell me if I'll be gone
Tell me what should I have done
but please don't go
don't you go
I don't wanna say hello
Are you gonna close your eyes before I come?
Are you gonna cry for me before I die?
Tell me if I lose my voice
Tell me if I'll be gone
Tell what shall I adore
but please don't go
don't you go
I don't wanna say hello
