You better wash your hair  
but today all my plans are staying in bed  
no matter what they say  
I'm all wrong  
told you this had happened before

You better stay the same  
but today all I am is just starting to change  
no matter what they say  
I'm always wrong  
told you this had happened before

If you want to get there  
then move on  
no one's gonna wait for you  
so you better not stay long  
no one's gonna wait for you  
this is war!

You better wash your hair  
but today all my plans are staying in bed  
no matter what they say  
I'm all wrong  
told you this had happened before

If you want to get there  
then move on  
no one's gonna wait for you  
so you better not stay long  
no one's gonna wait for you  
this is war!
