### "Motorcade"

Sacred is this, oil the machinery  
Cultural bliss, looks and personality  
Out on parade, the motorcade  
For everyone to trigger  
It's a charade, the motorcade  
Who ever would have figured  
Sorry to say,  
The motorcade just doesn't matter anyway  
Master endearing, she'd accountability  
Fumbled misgivings, stricken till eternity  
Out on parade, the motorcade  
For everyone to trigger  
It's a charade, the motorcade  
Who ever would have figured  
Sorry to say,  
The motorcade just doesn't matter anyway
