They're throwing rocks and paving stones  
So lets go while we can  
Put your finger on the map  
Who cares where it lands  
Cause we're all better off in New York

On the road and out of town  
We're moving on again  
Everything they say is true  
This city is insane  
Every possibility  
Nothing's left to chance  
They're throwing rocks and pavings stones  
Who says it has to last?

On the run  
Till we're caught in New York  
Cause we're all better dead  
Than be caught  
Maybe best not to talk  
Till New York  
Cause we're all better off in New York

On the run  
Till we're caught in New York  
Cause we're all better off  
In New York

On the run  
Till we're caught  
In New York

On the run  
Till we're caught  
In New York

On the run  
Till we're caught  
In New York
