Side to side
Elbows up side to side
Elbows up side to side
Elbows up side to side
Like a cholo

All up in the club ten deep
Lookin for some hyenas
We on the creep
I need a bad one a real freak
Find them at the dance floor so don't sleep

Damn i like u like u but a really want her
Shes that type i can tell let me get in too deep take her
back to the hotel
But right now i'm on the move
Show this little momma how a gangsta groove

I don't do a whole lot just enough
Least i decide to keep my elbows up
Like this and like that
All the girls know where the real g's at
You could find us way up in the back
Watching that ass bounce like a low low

Like a G to the beat blue and white MJ's on my feet
