You can't fool the fool
'Cause I know it in my head
(You say)
I just want the people
To get some before they're dead
(What a beautiful thinking?)
You can take my body
And dry it in the sun

Seeing vultures circle around, yeah
This is the home of the beautifully depressed, yeah
Life is just a moment
That rushes all at once
Letting the vultures
Surround me when I'm dead, yeah
I am the Lord of the beautifully depressed, yeah

Endlessly cum for me
(Endlessly cum for me)
Faithfully bend for me
(Faithfully bend for me)
Lifelessly hang for me
(Lifelessly hang for me)
Endlessly endlessly
(Endlessly endlessly)

Push me to the limit
I ain't afraid to die
Drive me to the limit
I proudly pledge to die

[Incomprehensible]
I dispel the madness
By forgetting all the rules, yeah, yeah, yeah
[Incomprehensible]
I follow all the footsteps
Of pre-existing fools
Begging vultures to bury off my dead
(Surrounding)
This is the hard life of the beautifully depressed, yeah
Yeah, yeah, yeah

That's right
Endlessly cum for me
(Endlessly cum for me)
Faithfully bend for me
(Faithfully bend for me)
Lifelessly hang for me
(Lifelessly hang for me)
Endlessly endlessly
(Endlessly endlessly)

Push me to the limit
I ain't afraid to die, no no
Look before you're in it
Are you afraid to die? Yeah
No, no, no
No, no, no

Then join the beautifully depressed
(Beautifully depressed)
The beautifully depressed
(Beautifully depressed)
The beautifully depressed
(Beautifully depressed)
The beautifully depressed
(Beautifully depressed)
No, no, no
No, no, no
Then join the beautifully depressed
Yeah
The beautifully depressed
