I've come so close, it's almost hard to believe  
When you're up close, it blinds you brilliantly  
Just one rush can change your life forever  
Just one push can end it all together

Why can't we learn from the plague that surrounds us  
I gotta answer you an' me  
Learn from my mistakes  
Learn from this mistake  
Learn from our mistake  
Learn from their mistakes

There's no shoulder to cry on when you have no shame  
There's no finger to point when you are to blame  
Open book, in my eyes shows you rain, then storming  
I can't look, when covered by the nothing and the  
suffering

Learn from my mistakes  
Learn from this mistake  
Learn from our mistakes  
Learn from their mistakes yea

Learn from my mistake  
Learn from my mistake  
Learn from my mistake  
Learn from my mistake  
Ooh aah aah

Believe me, all my friends, in the ending of the story  
There's no junkie out there with a happy ending  
It consumes you, and haunts you like the devil  
It's the art of the process that kills off all the rebels, it's  
me

Learn from this mistakes  
Learn from my mistake  
Learn from this mistake  
Learn from my mistake

Learn, learn  
Learn mistake

Learn from my mistake  
My mistake, my mistake  
My mistake
