Can you see me now?
You're the reason why I'm bleeding (yeah)
Can you see me now?
You were all I ever needed

And I know
I was a fool
I'll feel you behind the door
And now I am down, baby I'm down, I am down below

Dive in my shadows now
More than it is good for me (yeah)
Dive in my shadows now
You were all I ever needed

And I know
I was a fool
I'll feel you behind the door
And now I am down, baby I'm down, I am down below

(I will never let you down you will always be my girl)
I am down below
(Baby this is our song they'll never be another one)
I am down below
(This is our melody and this song won't exit from me)
I am down below
(I will never let you down you will always be my girl)
I am down below, Down below

Can you see me now?
I'm just a shadow of myself
Can you feel me now?
Coz you were all I ever felt

And I know
I was a fool
I'll feel you behind the door
And now I am down, baby I'm down, I am down below

(I will never let you down you will always be my girl)
I was a fool
(Baby this is our song they'll never be another one)

Iâ'll feel you behind he door
(This is our melody and this song wonâ't exit from me)
And now I am down, and -
(I will never let you down you will always be my girl)
Now I Am Down, I am down below
(I will never let you down you will always be my girl)
I was a fool
(Baby this is our song theyâ'll never be another one)
Iâ'll feel you behind he door
(This is our melody and this song wonâ't exit from me)
And no I am down, baby -
(I will never let you down you will always be my girl)
Iâ'm down, I am down below
