I live,
I die,
Yes I will die,
Like you
I rise,
And I fall,
Yes I will fall,
Like you
I love,
And I hate,
Yes I will hate,
Like you
Like you
Yes, everything, everything, like you

That's the feeling, right down on my feet
From the highest point
I'm down, I'm down on my knees
That's the feeling,
I'm lost on my feet
And from the highest point
I'm falling down on my knees

I'm right,
I'm wrong,
I will be wrong,
Like you
I promise,
I lie,
I will tell you lies,
Like you
I create,
And I destroy,
I will destroy,
Like you
Like you
Yes, everything, everything, like you

That's the feeling, back down on my feet
From the highest point
I'm down, I'm down on my knees
That's the feeling,

Iâ€™m lost on my feet
And from the highest point
Iâ€™m falling down on my knees

Iâ€™m falling
(Like you)
Iâ€™m falling down
From the highest point
(Like you, oh)
Iâ€™m falling
(like you)
Iâ€™m falling down
From the highest point
On my knees
Iâ€™m falling,
Iâ€™m falling down,
Iâ€™m falling,
Iâ€™m falling,
(Iâ€™m falling),
Iâ€™m falling,
(Iâ€™m falling),
Iâ€™m falling
Iâ€™m falling down,
Iâ€™m down,
Iâ€™m falling

Thatâ€™s the feeling,
Thatâ€™s the feeling,
Thatâ€™s the feeling,
Thatâ€™s the feeling, right down on my feet
(like you)
From the highest point
Iâ€™m down, Iâ€™m down on my knees
(like you)
Thatâ€™s the feeling,
Iâ€™m lost on my feet
(like you)
And From the highest point
Iâ€™m falling down on my knees
Like you
