Without you
Without you

There is a place in your heart
Just a little place (just a little place)
There is a place in your heart
Were I can show my face
There is a place in your heart
Where I can come to you (ooh)
Whatever I have done
Wherever I have gone

Coz you and me, you make me feel
That there's a reason in this world
And without you I am nothing and that hurts
You and me, you make me feel
That there's a reason in this world
And without you I am nothing and that hurts
I'm nothing and that hurts

There is a place in your heart
Where I can talk to you
There is a place in your heart
Where I feel I belong to you (to you)
There is a place in your heart
Were I don't feel alone
Whatever I have done
Wherever I have gone

Coz you and me, you make me feel
That there's a reason in this world
And without you I am nothing and that hurts
You and me, you make me feel
That there's a reason in this world
And without you I am nothing and that hurts
I'm nothing and that hurts

(ohhh)
You are the reason
(ohhh)
You are the reason
(ohhh)

You are the reason
(ohhh)
You areÂ...

(ahhh)
You are the reason
(Ahhh)

(ahhh)
You are the reason
(ahhh)

You and me, you make me feel
That thereÂ's a reason in this world
And without you I am nothing and that hurts
You and me, you make me feel
That thereÂ's a reason in this world
And without you I am nothing and that hurts
Coz you and me, you make me feel
That thereÂ's a reason in this world
And without you I am nothing and that hurts
You and me, you make me feel
That thereÂ's a reason in this world
And without you I am nothing and that hurts
IÂ'm nothing and that hurts
