today's world is always on
my modem speeds life right along
my brain is off but that's ok
you can reach me any day
my darkened ?
with blinking digits
let me know the world is r?
monitor
so bright and huge
sanity
you slowly lose
turn your fax on
turn your fax on
it's automatic
automatic
turn your fax on
turn your fax on
it's automatic
automatic
color printer
makes pretty pictures
machines in life
permanent fixtures
e-mail me
anywhere
i can't escape
i don't care
turn your fax on
turn your fax on
it's automatic
automaticturn your fax on
turn your fax on
it's automatic
automatic
solitude

i forgot
quiet time
for deeper thought
i'm one with the world
and everything is spinning
out of control

turn your fax on
turn your fax on
it's automatic
automaticturn your fax on
turn your fax on
it's automatic
automatic
you can reach me
anytime
with your cell phone
i've got mine
you can page me
in the movies
silent buzz
cuts right through me
turn your fax on
turn your fax on
it's automatic
automatic
turn your fax on
turn your fax on
it's automatic
automatic...
life is automatic.....
life is automatic.....
life is automatic...
life is automatic
