Mmm, baby
Mmm, mmm, mmm, mmm

I picture that I can read your mind
And tell you everything you're going through
Baby, I try to find a thousand reasons why
You're alone and acting so cold

Tell me how long you've been this way
Maybe I can open up your heart
See, I've been waiting all my life
For someone just like you
And I know you've been waiting too
For someone to love you

All you need is someone who cares
For someone to love you
Someone who will always be there

All you need to say is that
You want me to be with you
Girl, I know you waited so long
For someone to love you

Baby, I wish I could be there
For every time you ever shed a tear
Baby, I hate to see a pretty girl like you
Going through the things that you do, yeah

Girl, I think you've gone too far, too long
Without a good man to make you smile
Now how can I appeal to you
And make you understand
That I'm here, when you're waiting
For someone to love you

All you need is someone who cares
Someone to love you
Someone who will always be there

All you need to say is that
You want me to be with you

Girl, I know you've waited so long
For someone to love you

Baby, you've been waiting
For the man from all the fairytales
Or maybe just the man from all your dreams
try to think reality, let's talk the possibilities
'Cause, girl, you know you've waited so long
For someone to love you

Waited, oh, so long

All you need is someone who cares
All you need! All you need! Baby
Someone who will always be there
In the middle of the night! In the middle of the night!

All you need is someone who cares
I ain't trying to play no games with you, no, no
Someone who will always be there
Never leave your son no more

All you need is someone who cares
Someone who will always be there
All you need is someone who cares
Someone who will always be there

All you need is someone
All you need is someone
All you need is someone
All you need is someone

All you need is someone who cares
Someone who will always be there
