Lets meet in the middle  
Lets go for a ride  
I want to sink to the center  
I want to breathe in the night  
And when the lights go out behind me  
I want to turn and wrap your arms around me  
Oh baby just say so

You're right behind me when you're gone  
Oh baby, just say so  
You're all around me when you're gone  
Oh baby, just say so  
I want to know

I want to see every city with you by my side  
And every night we'll get married  
And every day say goodbye  
And when the lights go out behind me  
I want to turn and wrap your arms around me  
Oh baby just say so  
You're right behind me when you're gone  
Oh baby just say so  
You're all around me when you're gone  
Oh baby just say so  
I want to know  
And when the lights go out behind me  
I want to turn and wrap your arms around me  
Oh baby just say so  
You're right behind me when you're gone  
Oh baby just say so  
You're all around me when you're gone  
Oh baby just say so  
I want to know

And when the lights go out behind me  
I want to turn and wrap your arms around me  
Oh baby just say so  
You're right behind me when you're gone  
Oh baby just say so  
You're all around me when you're gone  
Oh baby just say so  
I want to know
