Please accept sincere apologies  
Dear Christmas tree I cut you for a lovely girl,  
I don't mean to hurt no feelings; you're a casualty  
Just like my heart held captive for this lovely girl  
It's true, if we've been drinking wine all night  
and we watch the snow fall down, and I can't hold out  
another night  
Then this Christmas, I'll be asking her to stay (hey, hey)  
Then this Christmas, I'll be asking her to stay  
Give a little kiss before she wakes  
Cause I'm gone all year and I don't think I ever could  
Leave her alone for yet another holiday  
I'd trade all my time only if she said I could  
It's true, if we've been drinking wine all night  
and we watch the snow fall down, and I can't hold out  
another night  
Then this Christmas, I'll be asking her to stay (hey, hey)  
Then this Christmas, I'll be asking her to stay  
If fate is resting on my side tonight  
If fate is resting on my side tonight  
Then I know I can't be wrong  
Get it out in the open  
I do, I do, I do  
If we've been drinking wine all night  
and we watch the snow fall down, and I can't hold out  
another night  
Then this Christmas, I'll be asking her to stay (hey, hey)  
Then this Christmas, I'll be asking her to stay
