

## Down To Earth Approach "Waiting"

Visit "[Waiting](#)" on MotoLyrics.com

Iâ€™m done listing all these things  
I hate what I canâ€™t change  
Breathe, do you feel the same?  
I never meant to leave  
And love is such a pretty thing  
To such a high degree  
My love, we canâ€™t change a thing,  
But my heart it never leaves

And time never brought us back  
(Donâ€™t let it get away)  
And time never brought us back  
(Donâ€™t let it get away)  
Face it weâ€™re all we have  
Weâ€™re all we have

Move out west where I was  
When I never should have gone  
And you miles above, miles above  
Where I never should have wrote it off  
But the sky that the winter brings it was never quite the  
same  
And miles donâ€™t mean anything to a heart that never  
changes

And time never brought us back  
(Donâ€™t let it get away)  
And time never brought us back  
(Donâ€™t let it get away)  
Face it weâ€™re all we have  
Weâ€™re all we have

And weâ€™re waiting now  
Come on, come on get out your house  
And weâ€™re waiting now  
Come on, come on get out your house  
Cause weâ€™re in love  
Come on, come on get out your house  
Cause weâ€™re in love  
Come on, come on get out your house

Iâ€™m done listing all these things

I hate what I can't change  
And time never brought us back  
(Don't let it get away)  
And time never brought us back  
(Don't let it get away)  
Face it we're all we have  
We're all we have
