Addicted to the lights and sounds
We can fight our desires
But when we start making fires

Addicted to the lights and sounds
We can't ever stop
Whether we like or not

Addicted to the lights and sounds
They say we can offer you ...
But what is love without loss

Addicted to the lights and sounds
Two hearts without pure devotions
What are feelings without emotions

That's what you are tonight ...
Let's be cool â€¦

I'm going in for the kill
I'm doing it for a thrill
Oh I'm hoping you'll understand
And now let go of my hand

Addicted to the lights and sounds
Bunch of bad habits and you wear 'em like a crown
Your royalty around here, better get down
Your royalty around here, baby get down

Addicted to the lights and the sounds and the flashes
Trashes her best friend for backstage passes
Cheap vodka and free sodas got her leaned over
So driven, she don't need chaffeurs
And if you're not V.I.P. then give up
Think she's above the bar, that's a chin up, shit
And gettin' lit up's the only thing that's relevant
When all that's in your closet is designer or a skeleton
Full time women in this bitch, no part time
Stickin' to the drinks like bar lines, downs 'em
Now you're in the presence of royalty
Life of the party, don't question the loyalty
Playin all night games, everyday's the same

Rolled out the red carpet for the walk of shame
Nothing to lose but a lot to gain
Fame, ya you know her name
Royalty let her reign

All my hopes of a new life
Will they be ready for you in time
If you leave them out too long
They'll be withered by the sun

Addicted to the lights and sounds
Bunch of bad habits and you wear 'em like a crown
Your royalty around here, better get down
Your royalty around here, baby get down
