Whoa is me
I'm so whoa
See me decked out from my head to my toe
Whoa is me
I'm so whoa
Everywhere I go I'm a one-man show

I feel like a Hollywood star
Hand full of pills
All black car
Rock guitar & 10 shots of whisky
Got the chain on my neck & a massive hickey
You say you're a big deal
Big deal
I've been a big deal ever since big wheels
Shits real
I feel like a supermodel who just skipped a meal
I like to party & spend my dough
And when I go to rehab I'm putting on a show
And it's so spectacular whenever I rap to ya
I'm re-enacting my feelings to capture the moment like
a Nikon
And when the mic's on
I'm a star baby
I'm your icon
I put on the light
I shine
I glow
Whoa is me, I'm so whoa

Chorus:
Say whoa [whoa]
The more I feed it
Whoa [whoa]
The more I need it
Whoa [whoa]
You say whoa
Whoa is me
I'm so whoa

Say whoa [whoa]
The more I feed it

Whoa [whoa]
The more I need it
Whoa [whoa]
You say whoa
Whoa is me
I'm so whoa

I'm surrounded by people
I'm cool
Everyone's so see-through
Not you
I know you think I don't hustle
I do(
Used to get up for the bus
Now I fly to,
Drive by you,
I'll buy you out right(
And I'll bite you're style

I try to act like a child
Born yesterday but born to be wild
I cheated to get what I got
Stepped all over yourself for my spot
I bet you I'm winning
I bet that you're not
I bet you don't sin
And I bet you get caught
You just leave the talking to me
I'm dope & I'm hot on my feet
I'm the S to the H, I to the T
What you don't know
You just gotta believe

Chorus:
Whoa
The more I feed it
Whoa [whoa]
The more I need it
Whoa [whoa]
You say whoa
Whoa is me
I'm so whoa

Say whoa [whoa]
The more I feed it
Whoa [whoa]
The more I need it
Whoa [whoa]
You say whoa
Whoa is me
I'm so whoa

It's quiet,
Right before the storm
I'm eyeing
Everyone I see,
I'm silent
So damn fly
I'm a pilot
No I'm a giant
Hope that you're ready when I set off the riot
See my band,
See my clothes
Be my fan
See my show
See my plan is to be so dope
That you like me and me like whoa

Chorus:
Say whoa [whoa]
The more I feed it
Whoa [whoa]
The more I need it
Whoa [whoa]
You say whoa
Whoa is me
I'm so whoa

Say whoa [whoa]
The more I feed it
Whoa [whoa]
The more I need it
Whoa [whoa]
You say whoa
Whoa is me
I'm so whoa
