It takes your sanity
As you walk away with an innocent smile
Hiding beneath the shell
You were scared and repulsed all the while
Try to take me there
As if you didn't care
You didn't ask yourself why
It is Breaking Me
Slowly Drowning Me
All of this just because..
You Lied
I don't know why when you told me to try
You Lied
The Killer inside me it's what you always taught me to
be
You back away from me
Covering your heart like you know I used to
Shattering Mirrors
As You reach deep inside just to try to break through
Try to take me there
As if you didn't care
You didn't ask yourself why
It is Breaking Me
Slowly Drowning Me
All of this just because..
You Lied
I don't know why when you told me to try
You Lied
The Killer inside me it's what you always taught me to
be
I am the only One
That you will ever see
To get away from it
All of this misery
I was the one to watch
You should have let me be
Take it away from me
Take it away from me!!
I would have taken you
Through to the other side
I would have died for you

But you wouldn't let me
