Stuck within Again
I fought it out quickly
Floating on this shard,
My one, and my true only
Pray I remain strong and
Cry out to my Lord
Strain to hear someone
Try to stay Awake
Stuck within Again
I am so cold
Cold Look inside
I am so cold
Stuck within Again
Life passes before me
As I shiver
Knives piercing my skin
Too numb to notice it
Pray to stay conscious
Cry to feel some warmth
Strain to see someone
Try to stay Awake
Stuck within again
I'm so cold
Cold Look inside
I am so cold
Stuck within again
I am stuck within but I do not worry
I'll soon be warm, just Stay awake
I am too far but,
I see forever
Faith covers me and
Blankets away the cold
I see you
You don't see me
I'm right in front of you
Once you left me in the dark, and I'm seeing now that it
was
Not as it appeared to be for you were with me all along
and
You carried me, it was the travelling man who asked
you once if you had
Taken it for granted that you had all you could have

ever asked for and you would
Never have to beg
Pray, he'll take you there
Cry, out for mercy
Strain, to follow him
Try, to be like him
And
Try to stay awake
