I'm moved by this grace again and again,
Your love so complete how can I explain
I want to live for you,
I want to live for you,

With wonder and beauty and mystery and meaning,
Filled with your joy oh hear me sing,
I want to live for

The rythem of your presence beats steady in my soul,
Let this be my prayer as the melody rolls,
From my heart into yours

This is all I have to give you back in spirit and truth
I want to live for you,
All of my days from here to ever after from this life to
the new,
I want to live for you.

Every morning your mercy is new.
I know as the sun rises into the blue,
I want to live for you
I want to live for you

I know with out shadows I love without fear
You are so faithful I see it clear
I want to live for you
I want to live for you

Prepare now the mission,
Plant in me a dream,
I'll give you back the life you've given me,
All you've given me
