### "Turn This Around"

Clearly, this is out of my control  
Tried every solution, still feels impossible  
It's a cycle and I'm stuck playing a part  
Can't fix the trail I've left behind or mend a broken  
heart

If there's hope for the helpless  
Would You answer me?  
I'm asking for a miracle, because I believe  
Only You can turn this around  
I'm at the end and falling fast  
A moment to redeem  
Only You can turn this  
Only You can turn this  
Only You can turn this around

It's not a case of "Doctor, heal thyself!"  
So insidious the symptoms;  
No one can even tell  
But I feel the toxins in my veins  
And deeper routed through my heart  
I don't want to stay the same

If there's healing for the broken  
Save me from me  
I'm calling on the Man of Sorrows,  
Acquainted with grief  
Can You make a change in me?
