

Downlord "Full Scale Hatred"

Visit "[Full Scale Hatred](#)" on MotoLyrics.com

Frenzied anger, guttural roar
Instinctive to vent
Accursed adversary
Disgust will not relent

Annihilate, violate
Leech to my soul

No lamentation
Rapacious vision gloats
A searing lance
Enmity unconcealed
Bile to the throat

The escalation of
Full scale hatred

Designate the hatred sector
Fullisade vast
Oratory battleground
Weightless worlds supporting mass

Ploughing all new depths
Regression process
Denial to arise
Repression progress

Full scale hatred
