

Downplay "Queen Of New York City"

Visit "[Queen Of New York City](#)" on MotoLyrics.com

Save me, Save me from her majesty
The angry leader of the trendy scene
She only comes around for my morning
Then Sweetly becomes someone else's queen

The world stops turning when ever she comes near me
And it's still burning whenever she leaves

Stay away from the queen of new york city
(Stay away from the queen the queen the queen)
She's not loyal 'till she lives down the street from me
YAAAA
I fell in love with the queen of new york city
(Fell in love with the queen, the queen, the queen)
I know you know she knows she's got a hold of me
YAAA

Hey, hey, everything was taken away
There's no way I'm ever gonna get it back
It's ok if I can't keep her at bay
But some way she always finds a way back

The world stops turning when ever she comes near me
And it's still burning whenever she leaves

Stay away from the queen of new york city
(Stay away from the queen the queen the queen)
She's not loyal 'till she lives down the street from me
YAAAA
I fell in love with the queen of new york city
(Fell in love with the queen, the queen, the queen)
I know you know she knows she's got a hold of me
YAAA

I'm mesmerized by the lies that she's telling
The lies she's telling me
I can't disguise my resistance is filling
I can't flee her majesty
I'm mesmerized by the lies that she's telling
The lies she's telling me
I can't disguise my resistance is filling
I can't flee her majesty

Stay away from the queen of new york city
(Stay away from the queen the queen the queen)
She's not loyal 'till she lives down the street from me
YAAAA
I fell in love with the queen of new york city
(Fell in love with the queen, the queen, the queen)
I know you know she knows she's got a hold of me
YAAA
