Say come killer! You know it is sickness  
You can't deny it sickness  
Yes greed is sickness! Greed is sickness  
I am not a lower form of human life  
All none son nagging sense of nobodies  
Deep disappointment slave among abundance  
Who lives it knows it as I flow the theme  
These conditions extreme deepest evil unseen  
I'm putting up with what is unjust  
But truth lifts with a swiftness just like dust  
Are we givin' the realm to reach our highest ability  
That's the question see word up 'cause I don't see it be  
I am not a lower form of human life! Kill greed! Say  
come killer  
They taken the food from the mouths of the ones that  
need to be the most fed  
They taken the food from the mouths of the ones that  
been left for dead  
They taken the food from the mouths of the ones that  
have been treated as human debris  
They taken the food from the mouths of the ones who  
will embrace divinity  
Poverty is the worst form of violence! I am not a lower  
form of human life
