Been sittin at home, don't know what to do  
I'm bored so much, but I'm thinking of you  
I don't know if I'm wasting my time  
When I'm with you I wish that you could be mine

I don't know if we will do well  
I love you more than words could tell  
You are always there for me  
I wish I could turn into we  
I don't know if we'll do well

I love you more than words could tell  
I'll always be there for you  
No matter what I will stay true  
I don't know if we will do well  
I love you more than words could tell

Will we do well  
I love you more than words could tell  
Will we do well  
Remember the times when I talked to you  
About the problems I was coming to  
You always seem to have a way  
To make me better with the things you say  
You always know when there's something wrong  
And you would talk to me all day long  
I love you more than words could tell  
I'll always be there for you  
No matter what I will stay true  
I don't know if we will do well  
I love you more than words could tell

I don't know if we will do well  
I love you more than words could tell

You are always there for me  
I wish I could turn into we  
I don't know if we'll do well  
I love you more than words could tell  
I'll always be there for you  
No matter what I will stay true

I don't know if we will do well  
I love you more than words could tell

I love you more than words could tell  
I'll always be there for you  
No matter what I will stay true  
I don't know if we will do well  
I love you more than words could tell
