Lullaby skies, unfinished symphony
Illuminate, your stars align
They will lead you until they fade
Showering

In this life you will never be alone
Trusting blindly, trying not to let it show

Finding beauty in the
(Finding beauty in the madness)
Listen and erase
(Listen and erase)
LISTEN

Sculpting, shaping this masterpiece
Create, transform deus ex machine
I am nothing, a humble man
She makes me a novel

Bound and bleeding, Wondering if you're alone

Trusting blindly, trying not to let it show

Finding beauty in the
(Finding beauty in the madness)
Listen and erase
(Listen and erase)
LISTEN

Lock, walk a life with me
Walk a life with me
Unlock, walk a life with me
Walk a life with me

In this life you will never be alone
Trusting blindly, trying not to let it show

Finding beauty in the (Madness)
Listen and erase (Listen)
