Can you tell me your dreams (dreams are nothing)  
Blankly staring at the sky (it's all a lie)  
Looking to place blame (fuck your suffering)  
Satisfied with being nobody (I hate you)

Pitiful existence  
Pitiful existence  
Pitiful existence  
Pitiful is what you've come to be

To the sheep and cattle (it's your future)  
Follow the leader to die (it's your life)  
Walk yourself to slaughter (die inside)  
It's all you're waiting for (I hate you)

[chorus]

Life drives you insane  
Time ticks at your brain  
Lies are what you breed  
You're so goddamn pitiful

Waste your life away  
Drain the bloodied stain  
Scrape the walls clean  
You're so goddamn pitiful

Stop running your mouth  
Can't stand your drivel  
Your eyes are see-through glass  
Nothing on the other side

[chorus]
