We're at war, the papers say  
And we will win, I read today  
We are strong  
It wasn't us  
We are right  
Who started this?

Sons of man  
We stand like gods  
We give our life  
To feed your cause  
We run to ground  
Our heathen foe

Leave your work, I just left school  
Leave your home, I am no fool  
Take up arms, It left me strong  
Sound alarms, School Bells Ring

Sons of man  
We stand like gods  
We give our life  
To feed your cause  
We run to ground  
Our heathen foe
