It doesn't matter what you say, it's what you do
It doesn't matter what you say, procrastinate
You choose your fate, procrastinate
Don't lose your faith

Downtime, Get over it

In these hard times
You'd better listen to someone knows what you're
saying
Downtime
Because It's these hard times that block your mind, you
can't think - Time
Wasted

Downtime
Lost Time
No Time
Downtime

And When You're Down, I'll be around
To help you get your feet off the ground
Because you're worth every pound and not a better
friend to be found
I'll wipe away all your tears, and take away all of your
fears
Listen to you, cause I'm all ears
You'll feel much better when your mind is clear
