I believe we can leave
We can leave if we wanna
Take a chance, it's a choice
Feel the heat if we wanna

Goodnight, Lord
Be safe and sound
We can only see the dark from here

Like a match, a flame can dim
Our light of life can be taken
Our eyes are blind, a page was left
The words were gone, left mistaken

Be the one that you wanna be
Live the life that you want to
Black and white's not the way to be
Keep it pure

Goodnight, Lord
Be safe and sound
We can only see the dark from here
Goodnight, Lord
Be safe and sound
We can only see the dark from here

Lived short was the life
A life that burned bright
Brighter than the sun can shine
If we can find a way
To keep you in our hearts each day
We would burn as bright as you

Someone did away with my life support
Someone did away with my life support
Someone did away with my life support (someone did away)
Someone did away with my life support (someone did away)
Someone did away (someone did away)
Someone did away (someone did away)
Someone did away with my life support (someone did

away with my life support)
Someone did away (someone did away)
Someone did away (someone did away)
Someone did away with my life support (someone did
away with my life support)

Lived short was the life
A life that burned bright
Brighter than the sun can shine
If we can find a way
To keep you in our hearts each day
We would burn as bright as you
