Switch your blades
To on
Ready for this?
Hear me

Your name and new scene blocks your heart from
thinking
The thoughts that make unique a stifled integrity
Forget a being changed so much by seeing
Remembering all your life who you are

We sing from the heart
Leave your headlights off

Switch your blades
To on
Ready for this?
Hear me

We gave you a chance to erase all the hate you've
Bled, watched, and forgave as your water flowed
underneath
Listen to these words and never forget
Leave your headlights off, keep your eyes straight
ahead

We sing from the heart
Leave your headlights off
What we say is the truth
Let us come rescue you

Let us rescue you
Let us rescue you
Let us rescue you
Let us rescue you
Let us come rescue you
Let us come rescue you
Let us come rescue you
Let us come rescue you

We sing from the heart
Leave your headlights off

What we say is the truth
Let us come rescue you

Switch your blades
