The bridge I've established
Has been crumbling down
This truthful wager
Has been taking me down

What can I do?
Honest, honestly?
What can I do?

This bridge is just too much for me to bare
To understand the love without the tears
And you possess the strength to make amends
And you passed it up

The wall I used to rest myself
Is irreplaceable
The thieves that took my thoughts
Relieved my soul

What can I do?
Honest, honestly?
What can I do?

This bridge is just too much for me to bare
To understand the love without the tears
And you possess the strength to make amends
And you passed it up
I will face your wake
And chase away my thoughts and all my dreams
Erase the past and all the memories
And build my life

The train is at it's last stop
My time bomb ticks away
Leading with a last goodbye
Releases life

What can I do?
Honest, honestly?
What can I do?

What can I do?

Honest, honestly?
What can I do?
