[Knightowl]

Well Im brown to the bone  
Cafe is the color of my skin  
The crazy knightowl is back once again  
With another dope rola  
I stop the car, I see a hina walkin sola  
She got near the raffla  
She was lookin kinda buena  
Como te llamas she said Elena  
Le dije mi nombre  
Pero me dicen Tecolote  
Y saves que girl you got me all ?  
Your fine  
And your a perty as chicana  
Spend the night, I'll take you home in the manana  
Di que si baby doll  
Get in my carucha  
You heard about me and they told you to be trucha  
Otraves como la ves, the same story  
A rumor started by a girl named Lori  
Selosa, cause down came her pantalones  
When I was through I sent her home sin calsones  
All excited, and told her friends I was her vato  
And then I had problemas with her brother gato  
A cholo, a young vato actin kinda loco  
I put in check cause to me he's just a moco

[Knightowl]

Another day is about to begin  
Fresh out the cama  
Open the frige and I grab me a cahuama  
Temprano, early in the morning pistiando  
Por que ando crudo y me la estoy curando  
Wating for the homies  
The car show is about to begin  
All of a sudden hear the telephone ring  
Quevole, who's this por el otro lado  
Then heard the horn of my homie's El Dorado  
I broke, I got in the raffla  
So now we take a little vuelta  
I almost flew out the puerta

Damn homie, slow it down  
This is a low rider  
And as we turn to the right  
A couple of stacked up feel them brown chicanitas  
Se miran buenas y pa todas las hynitas  
Un veso les damos por ser las mas hermosas  
Hoye como van y mira com son las cosas  
With the O - W - L  
A mexicano vien tumbado  
Creased up y con el pantalon ahuido  
Who is down for the verde, blanco, y colorado  
Toda la sangre que por uno a deramado

[Chorus]

[Knightowl]

Im cruisin around a young bum flips a dedo  
Yo paro el carro y digo "que honda? quieres pedo  
Con migo?" he said "simon" haora  
I gave him credit cause soca had some ?  
But still, that aint enough to try to come to get the  
gloves on  
You te dejo just like a tampon  
Sangrado so who you tryin to mad dogg ese  
Got out the ride and had to teach the boy a lesson  
El respeto no meresen of an O - G  
Then drove away as I listened to my oldies  
Una ves mas  
We better get along and have pas  
The brown against the brown  
That aint the way to get down  
Thats why Im doing this sound  
Now dont get me wrong  
Im still down with the barrio  
I dedicate this to The Wolf and Mario  
Rest in peace from this earth  
You had to depart  
But you will always be inside of the heart of the town  
And all the homies that gather around  
Agaren la honda and be proud to be brown
