"I Will"

I would crawl through your grief
I'll cry 'til I drown
Cut a path through your dark
'Til I'm lost and your found

Turn your blue into gray
I won't hurt when I bleed
I'd give up my desire
'Til you get what you need

Ask me to be there whenever you fall
To do anything and everything, nothing at all
I'll move any mountain that keeps you from me
I will change, rearrange, disappear in your dreams
Don't ask me to let go or make me give up
'Cuz I love you that much and I will, baby I will

I'll never say
That I know how you feel
But I know in you heart
That those demons are real

So don't push me out
And I won't pull you in
But I won't let love lose
If you'll just let love win

Ask me to be there whenever you fall
To do anything and everything, nothing at all
I'll move any mountain that keeps you from me
I will change, rearrange, disappear in your dreams
Don't ask me to let go or make me give up
'Cuz I love you that much and I will, baby I will

If you can just look
Past your fear
You'll see me standing
Right here

Ask me to be there whenever you fall
To do anything and everything, nothing at all
I'll move any mountain that keeps you from me

I will change, rearrange, disappear in your dreams
Don't ask me to let go or make me give up
'Cuz I love you that much and I will, baby I will
It'll kill me but baby I will
