If that was a lie

That was the sweetest lie that I have ever heard

Every word

If that was a lie

Was it something that you didn't really mean to say

But said it anyway

You can take it back if you want to

But I'm still gonna believe you

Every word

If that was a lie

It was the sweetest lie that I have ever heard

Tell me now was it my imagination

Or just a whisper on the wind

You know the tricks the heart can play

I swear I thought I heard you say

You love me, yeah you love me

If that was a lie

That was the sweetest lie that I have ever heard

Aw...Every word

If that was a lie

Was it something that you didn't really mean to say

But said it anyway

You can take it back if you want to

But I'm still gonna believe you

Every word

If that was a lie

It was the sweetest lie that I have ever heard

I felt it in your tender touch

I wanted to believe so much

But was afraid to let you know

I've been waiting for so long, say I didn't hear you wrong

You love me, yeah you love me

If that was a lie

That was the sweetest lie that I have ever heard

Aw...Every word

If that was a lie

Was it something that you didn't really mean to say

Aw...But said it anyway

If that was a lie
If that was a lie
If that was a lie
Ooooh, Every word
If that was a lie
If that was a lie
(fades out)
