All of my life, I've been waiting for you
Night after night, I've been praying for you
Now that you're here I believe
You're the one in this world meant for me
The one every dream was about, the one that I can't
live without

All of my life I've been waiting for you
(Waiting for you)
All of my love I've been saving for you
(Saving for you)
Wild and tender to you I surrender my heart

You touch me and time has no meaning at all
(Meaning at all)
The longer I hold you the deeper I fall
(Deeper I fall)
I'll cherish the moment I knew, I'll always love you

My search for you found us here where we are
As the last wish was made on the last falling star
Forever and ever I'll be
Loving you the way you love me

All of my life I've been waiting for you
(Waiting for you)
All of my love I've been saving for you
(Saving for you)
Wild and tender to you I surrender my heart

You touch me and time has no meaning at all
(Meaning at all)
The longer I hold you the deeper I fall
(Deeper I fall)
I'll cherish the moment I knew, I'll always love you

Always
Always

All of my life I've been waiting for you
(Waiting for you)
All of my love I've been saving for you

(Saving for you)
Wild and tender to you I surrender my heart

You touch me and time has no meaning at all
(Meaning at all)
The longer I hold you the deeper I fall
(Deeper I fall)
I'll cherish the moment I knew, I'll always love you

I'll always love you
(All of my life I've been waiting for you, waiting for you)
I'll always love you
(Saving for you, all of my love I've been saving for you,
waiting for you)
I'll always love you
(Saving for you)
