Whirlwind runnin' through my head  
Wasted words that people said  
Wind is howlin' at my door  
I don't listen anymore

Darkened sky blocks out the sun  
Still reeling from the damage done  
If I go out and chase that wind  
Might not make it back again

Let 'em whirl  
Who am I to say?  
You gotta do things different  
I know a better way  
Let 'em whirl  
There's a child in everyone  
Who's got to ride the storm out  
To see who they'll become  
Let 'em whirl

The simple things are hard to see  
I got you and you've got me  
No cause left for us to fight  
Being wrong's a God given right

Let 'em whirl  
Who am I to say?  
You gotta do things different  
I know a better way  
Let 'em whirl  
There's a child in everyone  
Who's got to ride the storm out  
To see who they'll become  
Let 'em whirl

We all learn the hard way  
We can't pretend to know  
Where life is gonna lead us  
Which way the wind will blow

Let 'em whirl  
Who am I to say?

You gotta do things different  
I know a better way  
Let 'em whirl  
There's a child in everyone  
Who's got to ride the storm out  
To see who they'll become  
Let 'em whirl

Who am I to say?  
Gotta do things different  
I know a better way  
Let 'em whirl  
There's a child in everyone  
Who's got to ride the storm out  
To see who they'll become  
Let 'em whirl
