We are
Just children in his hands
Two in a million
Precious grains of sand
We sift through his fingers
Dancing on the wind
We find each other

One you, one me
One chance for us to live
One heart, one soul
One life for us to give
One dream, one sky
One God up above
One you, one me
One love
Yeah, yeah, yeah
One love

A star
Made a wish on us tonight
Hanging out in heaven
Inspired by our light
Cause He knows
How it feels
To shine upon the world
And last forever

One you, one me
One chance for us to live
One heart, one soul
One life for us to give
One dream, one sky
One God up above
One you, one me
One love
Yeah, yeah, yeah
One love

Just two in a million
Precious grains of sand
We found each other

Together
Yeah,yeah,yeah,yeah,yeah

One you, one me
One chance for us to live
One heart, one soul
One life for us to give
One dream, one sky
One God up above
Yeah, yeah, yeah
One love
Yeah, yeah, yeah
One love
